Orders

Click on the product, enter the desired quantity, and make sure to always save!

If you do not save, the quantity will not change.

According to your eRONA user rights, once finished, click on “Submit order.” If you need to modify an order, you must submit again.

An “Archived” order is a previously submitted and modified order.

An order from an Activity is visible until its closing date in the App.

Once a regular order is submitted, it is no longer visible in the App.
